Share together

Summary Established in 1997,
450 employees (only for Tongxiang Base), including 80 engineers
> 300 employees with 5 years experience

History Wholly Canadian-Owned Company

- Solely owned subsidiary of Whiting Equipment Canada, Inc.
- Affiliated with Whiting Corporation and sister company Swenson Technology Inc., who for over 130 years enjoys an excellent world-wide reputation.

Company

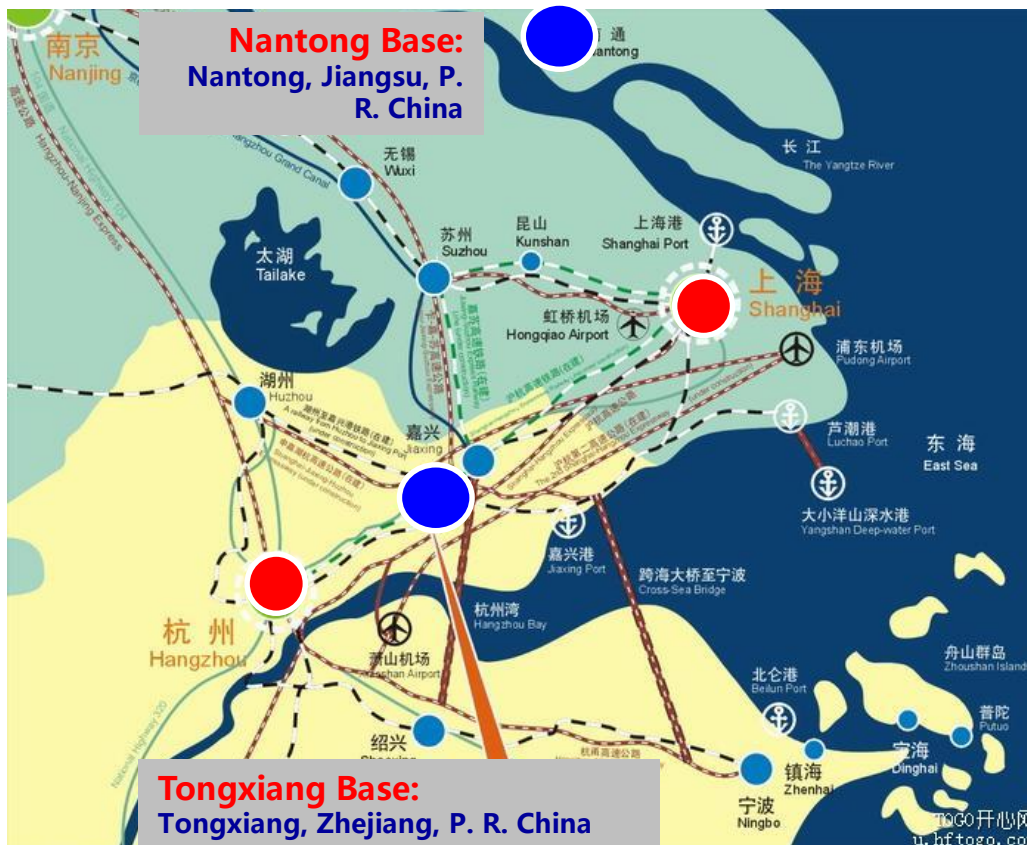

Location for Tongxiang and Nantong Plant(Backup)

Production Base Location:

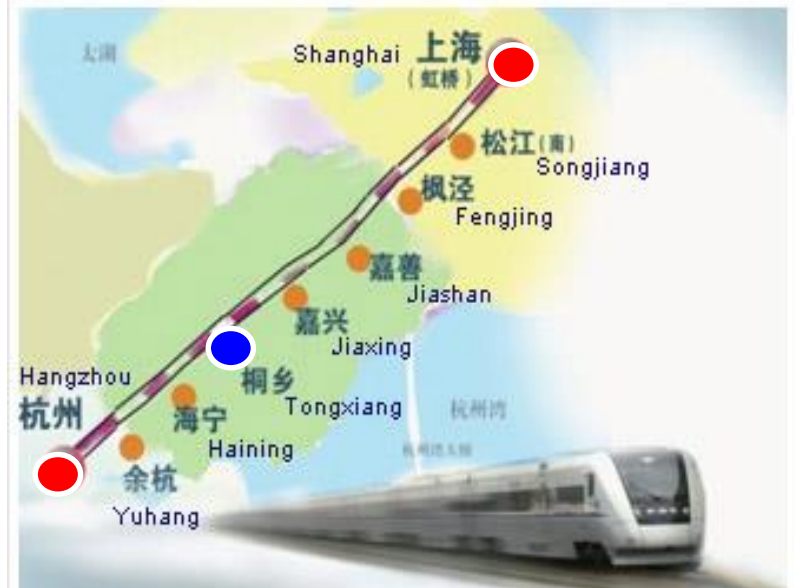

- Two bases: Tongxiang Base (No. 1, 2, 3, 4, 5 shop) & Nantong Base (No. 6 shop)
- Distance: 200km, 2.5 hours by car

Traffic:

- ✓ High-Speed Train from Shanghai to Tongxiang
- ✓ 120 km to Shanghai Hongqiao (Hongqiao Airport), 40~45 mins by High-Speed train
- ✓ 65 km to Hangzhou Xiaoshan Airport, 50 minutes drive
- ✓ 160 km to Shanghai Pudong Airport, 2 hours drive

Shanghai-Hangzhou High-Speed Train

Manufacturing Capabilities

Transportation for Tongxiang Production Base

- 2 hours to Shanghai from Tongxiang

◆ River Harbor – Ship to Shanghai Port by Canal

- Max. Dia. **5.5 m** for single piece (By Road);
Max. dia. **8 m for single piece** (By Water)
- Max. Length: **40 m** for single piece
- Max. Weights: **120 tons** for single piece

Dia. 6.5 m for Heavy Vessel Transportation in 2014

Dia. 6.5m for transportation

Manufacturing Capacity

Transportation for Nantong Production Base

- 1 hours to Shanghai
from Nantong

No limit for transportation to Port for Nantong Base

Self-Owned Harbor – for larger/heavy equipment transportation

Connected to Changjiang River To Shanghai Port

- **Lifting Capability: 100 ton (Owned crane capacity)**
 - Use Rented Lifting Truck, capacity: max. 500 ton for single piece
- **Barge size: 100 m (L) * 22m (W)**

Notes 备注:
